

## Process for sending Players for Training / participation in International tournaments

The Federation approaches the Ministry of Youth Affairs and Sports seeking financial assistance for players who desired to participate in the International tournaments to improve their PSA ranking / obtain international exposures and for training purposes. This normally should be done in consultation with the National Coach. Based on this, the SRFI subsequently prepares the Annual Calendar for Training and Competition (ACTC) Budget on the basis of International calendar and submits to the Government.

In order to implement / streamline the procedure, it was decided to constitute a Five Member Committee with effect from 1<sup>st</sup> October 2018 who will decide on player's eligibility / need to participate in such events.

Five Member Committee with the following composition:-

1. The President or The Patron of the Federation
2. The Secretary General
3. The National Coach, India
4. Ms. Surbhi Misra – International Player from Rajasthan
5. Mr. Dayanand Kumar – Secretary, Maharashtra Squash Rackets Association.

This committee will decide on the players who will be sent for participation in International tournaments / training camps.

The Players should inform the Committee well in advance after consulting the National Coach about their ranking, seeding and their last performance in the similar event in which they participated in the previous years for the Committee's appraisal / approval. All decisions taken by the Committee will be final.
